

URGENT CARE CENTERS

Urgent Care Centers provide care for patients with non-life threatening illness, injuries, colds, allergies, sprains and strains.

Formerly, Blue Cross of Northeastern Pennsylvania used MED-EXPRESS as the only preferred provider listed. Now with HIGHMARK Blue Cross Blue Shield, there are many Urgent Care Centers including MED-EXPRESS that are preferred providers.

The HIGHMARK Blue Cross Blue Shield website can provide an Urgent Care Center that can suit your needs. The website provided by Highmark Blue Cross Blue Shield can also provide Urgent Care Centers outside of our region in Pennsylvania.

Simply go to www.highmarkbcbs.com – Click the Link “Find a Doctor or Pharmacy” and a drop down box will appear. Click on “URGENT CARE CENTER” and follow the instructions to best suit your needs. If you are still unsure as to the participation of an Urgent Care Center, simply call the Highmark Blue Cross Blue Shield Customer Service number that is on the back of your ID card. The customer service representative can then assist you.
